

**Programming instructions for 3 button Ford Transit 2000-07 (NWKS5)**

1. **Obtain all remotes** for the vehicle
2. Sit in vehicle with all **doors closed but not locked**
3. Switch the **ignition from OFF to ON 8 times** within 10 seconds
4. On the 8<sup>th</sup> turn ensure that **key remains in the ON** position
5. Programming mode is now activated (**doors will lock then unlock**)
6. Within 20 seconds – **press and release any button on the first remote**
7. **Doors will lock then unlock** to confirm remote has been programmed
8. **Repeat step 6 & 7 for all other remotes** for the vehicle
9. Once all remotes have been programmed **switch ignition to OFF position**
10. **Doors will lock then unlock**
11. Programming mode is now de-activated

A maximum of 4 remotes can be programmed into the vehicle using this procedure.
