

PETS R FAMILY – Engravable Pet Tags

Step 1: Choose a Tag

Select from over 240 premium designs, available in small or large sizes.

Step 2: Personalise Your Tag

Use the touchscreen interface to add your pet's name, contact info, or a fun design.

Step 3: Place Tag in Machine

Simply insert the tag into the engraving area — the machine is fully self-service.

Step 4: Start Engraving

Press the Engrave button. The laser engraves your tag in just 20 seconds.

Would you like to offer your customers the opportunity to choose and then create their own pet tags?
